

2.6.1 Academic Goals (Programme Outcome - POs and Course Outcome - COs) for All Programs

The quality of academic education in all our programs and courses at the institute depends significantly on our Program Outcomes (POs) and Course Outcomes (COs). We have painstakingly developed these to align with the objectives of each program, as well as our Vision, Mission, and Quality Policy. Our Course Outcomes are concise statements that outline the essential knowledge students should gain and the level of learning expected when they complete a specific course

Our diverse range of programs, designed in collaboration with Jawaharlal Nehru University Anthapuram, is tailored to enhance our students' career prospects. The primary aim of our Program Outcomes and Course Outcomes is to impart knowledge and improve skills necessary for nurturing our students' abilities and molding their characters. We also focus on the all-round development of students by instilling values, ethics, and enhancing their interpersonal and communication skills through our learning outcomes.

We meticulously create POs, COs, and PSOs through faculty collaboration, integrating them into our annual lesson plans. COs undergo rigorous approval by the Institutional Development Committee (IDC) and are made available for students. We prioritize POs and COs in IQAC meetings, fostering a culture of academic excellence and continual improvement.

By emphasizing the significance of POs and COs, we ensure clarity, consistency, and alignment in our educational offerings. These outcomes serve as a guiding roadmap for both educators and students, directing their teaching methods and educational journeys. Through effective communication and implementation of these outcomes, we aim to provide an educational experience that transforms our students, preparing them for success in their chosen fields and equipping them with lifelong learning skills.

RATNAM INSTITUTE OF PHARMACY

(Approved by A.I.C.T.E. & P.C.I., New Delhi, Govt. of A.P., Affiliated to J.N.T. University, Anantapur.
Recognized u/s 2(f) of the UGC Act 1956, New Delhi)

Our institution prominently displays its Vision, Mission, Values, and Goals at the entrance to ensure transparency regarding our institutional perspectives. Furthermore, we ensure that the Program Outcomes (POs), Program Specific Outcomes (PSOs), and Course Outcomes (COs) for all our programs are clearly articulated, posted on the College Website (<http://www.ratnampharma.edu.in>), and effectively communicated to both faculty and New faculty members receive comprehensive briefings on Program Outcomes (POs) and Course Outcomes (COs) when they are assigned courses. Each semester, faculty inform students about course structures and outcomes, with syllabus copies readily accessible. Assessments are designed in alignment with these outcomes to guide students toward achieving the desired educational objectives, fostering a conducive learning environment.

In summary, our institution ensures the visibility of its Vision, Mission, Values, and Goals, prominently displaying them at the entrance. We clearly state the Program Outcomes, Program Specific Outcomes, and Course Outcomes for all programs, making them available on the college website, and ensuring effective communication with faculty and students. Through orientations, briefings, and regular communication, all stakeholders are well-informed about the expected outcomes. This information forms the foundation for designing assessments and facilitating effective teaching and learning practices to help students achieve their desired educational goals.
