## REPORT

Date: 15/10/2022

**Name of the programme:** “A Two day ICT training program on “Online Plagiarism Checker Tools”

**Date of the program:** 12/10/2022 & 13/10/2022

The Ratnam Institute of Pharmacy organized a training program in the Seminar Hall from 03:00 PM to 03:45 PM for the students of III rd year Pharm D & B. Pharmacy

The training program started with addressing the gathering by Program Coordinator and welcome speech by Principal, followed by introducing the resource person **Dr. P. Pratyusha**.

The session started by brief explanation of need, benefits and reasons for plagiarism checking. She stated that plagiarism is important to avoid duplication of content & words in theses and document writing. These tools can search through a multitude of databases and indexes so that any incidents of plagiarism can be detected and appropriate action can be taken. She also stated that plagiarism applies to using a previously published idea, expression, word, image, or process as one's original creation. It can also be considered to be theft and or copyright infringement. She further enlisted different online tools and software's available for plagiarism check. She further added the description of tools and how to handle the data and avoid duplication of data and work. She demonstrated the hands-on training of free online software plagiarism tools and software like Plagiarism Checker X software & Viper. Total of 46 students actively participated in this program.

The program ended with a vote of thanks by the Program Coordinator, Principal, and Management of Ratnam Institute of Pharmacy to the resource person and the students for making this program successful.

## REPORT

Date: 01/03/2022

**Name of the programme:** “A Three day ICT training program on “Role of ICT in Chemistry”

**Date of the program:** 24/02/2022 & 26/02/2022

The Ratnam Institute of Pharmacy organized a training program in the Seminar Hall - I from 11:00 AM to 12:00 PM for the students of IVth year B. Pharmacy.

The training program started with addressing the gathering by Program Coordinator and welcome speech by Principal, followed by introducing the resource person **Dr. A. Srinivasulu**.

Further the session started by explaining the role of ICT in Pharmaceutical Chemistry. He added that ICT tools help in learning different courses through MOOCs, which minimizes costs and saves time, associated with information delivery & day to day tasks. He briefly explained the role of ICT in chemistry education in visualization of molecular structures, exploring chemical structures & store, and retrieving the data completely. He shared different visualizing modes, tools and chemical databases which help in drawing chemical structures. He showed the demonstration of online tools like Chemdraw & Chems sketch which helps in drawing chemical structures of various drugs and excipients. Total of 53 students actively participated in this program.

The program ended with a vote of thanks by the Program Coordinator, Principal and Management of Ratnam Institute of Pharmacy to the Resource Person and the students for making this program successful.

## SCHEDULE

**Name of the programme:** A Two day ICT training program on “Role of Ex-Pharma Software in Experimental Pharmacology”.

**Date of the program:** 7/12/2020 & 08/12/2020

**Resource person:**

**Name:** Dr. C. Madhavi Latha,  
**Designation:** HOD, Department of Pharmacy Practice,  
**Institution Name:** Swati College of Pharmacy,  
**Contact Number:** 9052987936

**Objectives of the program:**

1. To demonstrate the effect of drugs on different animal systems.
2. To study different activities of drugs in animal models.

**Day wise program schedule:**

**Day 1:** Demonstration of Ex. Pharma software, its role and importance in experimental Pharmacology.

**Day 2:** Hands-on operation and practice to the students on different pharmacological practical experiments in animal models.

## REPORT

Date: 10/12/2020

**Name of the programme:** A Two day ICT training program on “**Role of Ex-Pharma Software in Experimental Pharmacology**”.

**Date of the program:** 7/12/2020 & 08/12/2020

The Ratnam Institute of Pharmacy organized a training program in the seminar hall - II from 10:00 AM to 11:00 AM for the students of II<sup>nd</sup> year B. Pharmacy & III<sup>rd</sup> year Pharm D

The training program started with addressing the gathering by Program Coordinator and welcome speech by Principal, followed by introducing the resource person **Dr. C. Madhavi Latha**.

Further the session started by explaining the need of software in Experimental Pharmacology. She further explained the **Ex-Pharma Software**, which is a **Computer Assisted learning Software**, developed by “**Bureau for Health and Education Status Upliftment, New Delhi**”, containing various programs to simulate animal experiments in pharmacology. She also briefly explained the different modules in the software that can be used to demonstrate the effect of drugs on different animal systems which helps to conduct the pharmacology experiments and observe and record the results virtually. She gave a brief explanation regarding the procedure to get the credentials of Ex-Pharma software including the user id and password. After login, select the required module and study the experimental models in pharmacology. Total of 46 students actively participated in this program.

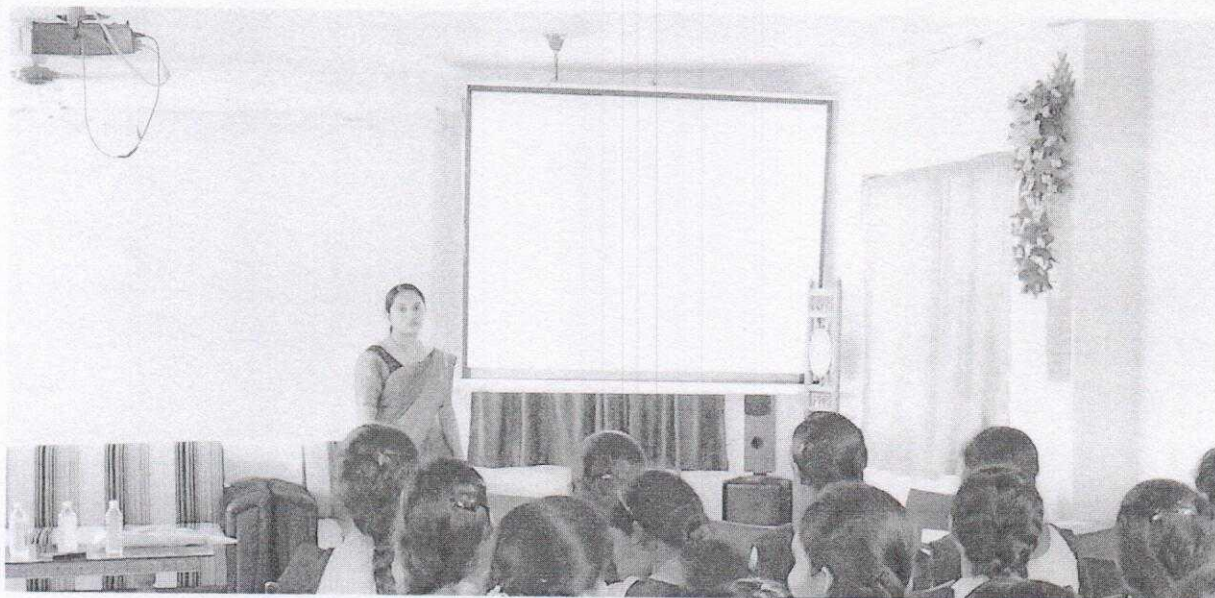

The program ended with a vote of thanks by the Program Coordinator, Principal, and Management of Ratnam Institute of Pharmacy to the resource person and the students for making this program successful.

Virtual Lab Ex-Pharm Series Software		Ratnam
Welcome! Ratnam Institute of Pharmacy, Pidathapolur, Nellore, Aandhra Pradesh		
Experimental Pharmacology Series		
Experiments List		
*	Study of muscle relaxant activity with the help of "Rota Rod Apparatus"	
*	Study of cns depressants & stimulants using "actophotometer".	
*	Study of analgesic activity with the help of "tail flick apparatus".	
*	Study of antihistaminic drugs with the help of histamine chamber (Mast Cell Stabilization Assay).	
*	Study of analgesic activity with the help of "hot plate apparatus".	
*	Study of drugs acting on cns using "elevated plus maze".	
*	Study of anticonvulsant activity using "electro convulsimeter".	
*	Experiment on effects of various drugs on rabbit's eye.

## SCHEDULE

**Name of the programme:** A Four day ICT program on “Role of ICT in Inventory Control Management”

**Date of the program:** 10/09/2019 & 13/09/2019

**Resource person:**

**Name:** Mrs Sk. Meherunnisa,  
**Designation:** Assistant Professor, Department of Pharmacy Practice,  
**Institution Name:** Rao’s College of Pharmacy, Chemudugunta, Nellore.  
**Contact Number:** 6300287608

**Objectives of the program:**

1. To understand the applications of ICT in hospital pharmacy.
2. To analyse the challenges of the online sales and dispensing of prescription drugs & controlled substances.
3. To study different ICT tools that helps to maintain the inventory in hospital pharmacy.

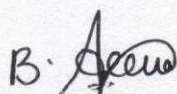

**Day wise program schedule:**

**Day 1:** Inventory Management – Objectives, Importance & Functions.

**Day 2:** Different process & methods of Inventory Management in handling the inventory in hospital pharmacy.

**Day 3:** Evaluation of Inventory Management in hospital pharmacy.

**Day 4:** Different tools in Inventory Management that helps to manage the inventory.

## REPORT

Date: 16/09/2019

**Name of the programme:** A Four day ICT program on “**Role of ICT in Inventory Control Management**”.

**Date of the program:** 10/09/2019 & 13/09/2019

The Ratnam Institute of Pharmacy organized a training program in the Seminar Hall - II from 2:30 PM to 03:30 PM for all the students of Pharm D.

The training program started with addressing the gathering by Program Coordinator and welcome speech by Principal, followed by introducing the resource person **Mrs SK. Meherunnisa**.

Further the session started with the need of inventory in hospitals. She stated that it is a computer based system for tracing the medicines in inventory level, orders, sales & deliveries. It also minimises the inventory purchase, carrying cost. She further explained the process of inventory which includes receiving and inspecting the products, sorting & stock of products, accepting the customer order, fulfilling package and shipping order & reordering the new stock.

She further briefly explained various methods like visual, periodic & perpetual which helps in managing the inventory management in hospital pharmacy. She stated that the perpetual method is the best and most commonly used. She added that it is a computerized system which monitors the entry & exit of inventory all times in continuous systematic barriers. She added that nowadays, all the inventors' data is entered into computer software.

She also enlisted and briefly explained about different ICT tools like Electronic Medical Records (EMR), Electronic Prescribing Systems (EPS), Telecare, Adherence Monitoring, Barcode & Robotic technology etc. Total of 45 students actively participated in this program.

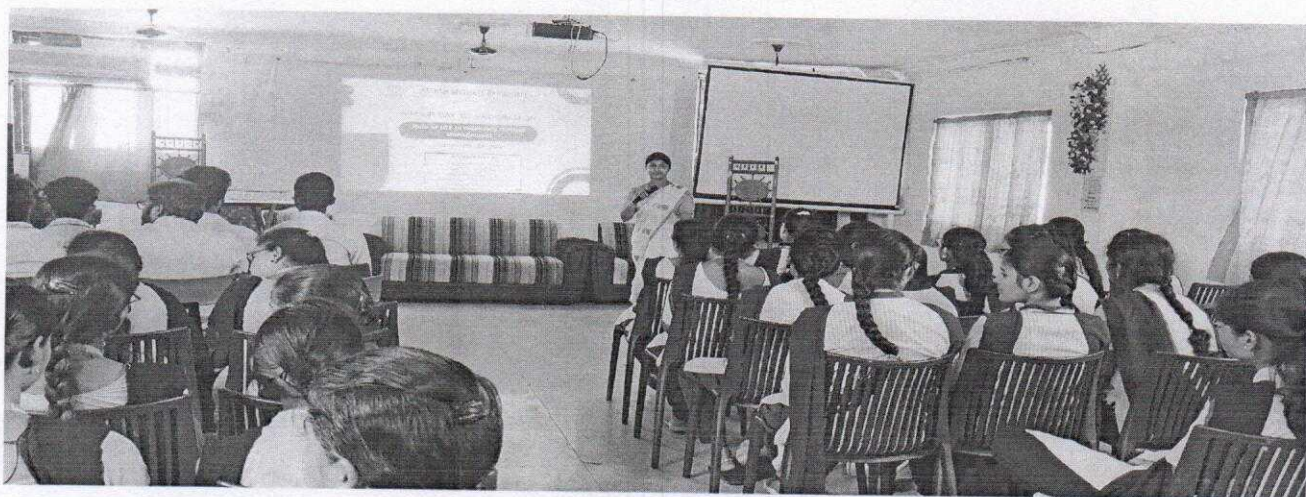

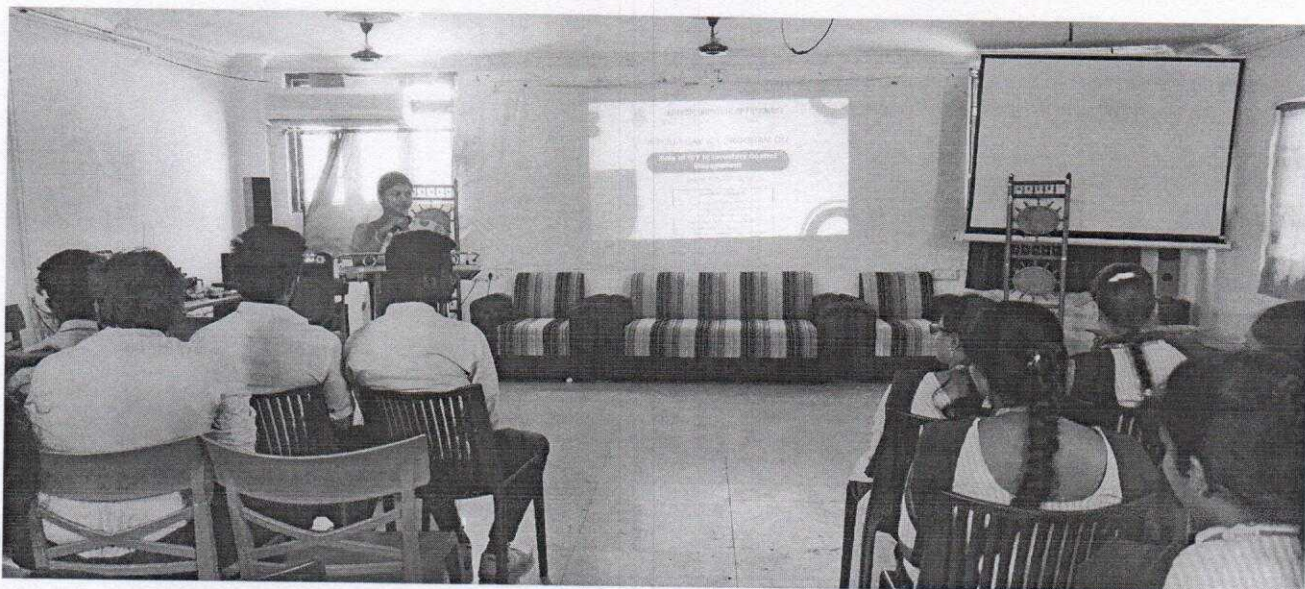

The program ended with a vote of thanks by the Program Coordinator, Principal, and Management of Ratnam Institute of Pharmacy to the resource person and the students for making this program successful.

## SCHEDULE

**Name of the programme:** A Three day ICT program on “Drug Information Resources”.

**Date of the program:** 08/11/2018 & 10/11/2018

**Resource person:**

**Name:** Mrs E. Rajani,

**Designation:** Assistant Professor, Department of Pharmacology,

**Institution Name:** Jagans College of Pharmacy, Brahmadevam, Nellore.

**Contact Number:** 8639857907

**Objectives of the program:**

1. To analyse the appropriate drug information resources like primary, secondary & tertiary.
2. To develop an appropriate search strategies for the given drug information.
3. To analyse evidence based medicine resources & clinical guideline resources.
4. To develop strategies for accessing & sharing quality web based resources.
5. To develop strategies for accessing information pertaining to adverse drug reactions & pharmacovigilance.

**Day wise program schedule:**

**Day 1:** Overview of Drug Information Resources – Primary, secondary & tertiary..

**Day 2:** Sources of Drug Information --- Internet sources, search strategies for high quality drug information.

**Day 3:** Evaluation of Drug Information Resources.

**Program Coordinator**

## REPORT

Date: 13/11/2018

**Name of the programme:** A Three day ICT program on “Drug Information Resources”.

**Date of the program:** 08/11/2018 & 10/11/2018

The Ratnam Institute of Pharmacy organized a training program in the Seminar Hall from 10:00 AM to 11:00 AM for the students of Pharm D & B. Pharmacy.

The training program started with addressing the gathering by Program Coordinator and welcome speech by Principal, followed by introducing the resource person **Mrs E. Rajani**.

Further the session started with giving the overview of drug information resources, which are current, critically examined, relevant data about drugs & its use in a given patient in a particular situation. She stated that they help in improving the patient safety, minimizing drug related issues in the patient & rational use of drugs by both physician & patient. She further added that they provide unambiguous data with a well-trained & registered clinical pharmacist.

She briefly explained internet sources of drug information like Search Engines, World Wide Web, virtual library, Google, Yahoo, Ask & Bing etc.....and advanced search keywords form journals from National Library of Medicine (NLM) & Medline etc..... She briefly explained different secondary drug information resources like MEDLINE, International Pharmaceutical Abstracts (IPA), Iowa Drug Information Service (IDIS) etc.... She further added the importance of tertiary sources which provide fairly complete overview of information on a specific drug which includes identification, drug interactions, and route of administration, patient counselling details, laboratory information, teratogenicity, breast feeding & Complimentary & Alternate Medicine (CAM). Total of 65 students actively participated in this program.

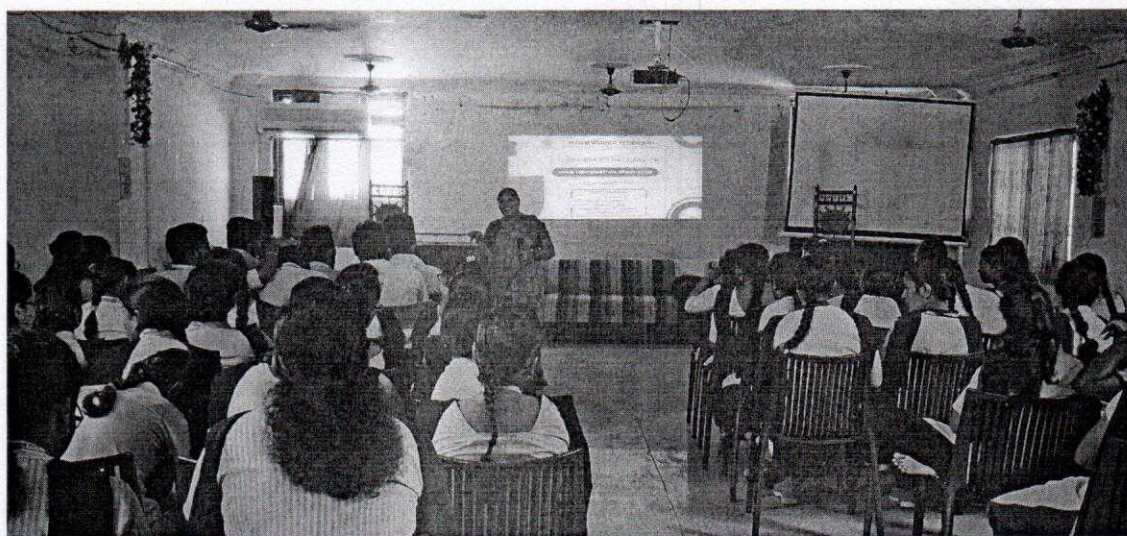

The program ended with a vote of thanks by the Program Coordinator, Principal, and Management of Ratnam Institute of Pharmacy to the resource person and the students for making this program successful.
