

7.1.3(7) Environment Promotional Activities Beyond Campus.

Ratnam institute of Pharmacy Established NSS unit in the Year 2009, to motivate student's community and faculty members for actively participating towards various social activities. The NSS unit of college provides these social welfare activity in the nearby villages.

Through those activities various problems faced by the rural people will be addressed, these activities will develop awareness moral, Ethical values and social responsibilities in the student's community. Which are frequently integrated with academic curriculum, these activities are intended to help to solve the problem of rural people and also serve and learn to the people of the nearby villages.

Extension activities carried out by NSS unit of Ratnam Institute of Pharmacy

- Free Medical camps Swachh Bharat program Tree plantation program Prohibition of Narcotics awareness rally
- Blood donation Programme
- Sports for school children
- Problems with excessive plastic usage
- Health and fitness programs
- Advantages of organic cultivation of food grains
- Avoid tobacco programme
- Roadsafety and traffic rules awareness program

Free Medical Camps this includes free medical check-up, educating students about importance of blood grouping, clotting factors and haemoglobin levels in blood as well as preventing infections by maintaining hygiene conditions in our surroundings.

Swachh Bharat program Useful for maintaining cleanliness along with solid and liquid waste management. This program motivates public to use personal toilets and avoid open defecation.

Tree plantation program is very helpful in reducing air pollution, radiation and increasing atmospheric oxygen.

Prohibition of Narcotics awareness rally gives awareness to common public and its legal aspects making consciousness of people about endangering life by using narcotics.

Blood donation program is helpful to impart social services among public. Brings awareness about how, timely blood supply given people's lives.

Sport for school children makes the students about importance of physical activity in day to day life sports activity increases children physical and mental ability.

Problems with excess plastic usage leads to soil pollution, waste pollution and also air pollution by burning plastic, due to this various health issues arise for all living creatures like birds, animals and also humans. So avoid single usage plastics and minimize the usage of plastic in any form.

Health and fitness program brings awareness in public about how to maintain good health and fitness by avoiding sedentary life style and going for walking every day about 30min to 1 hour to be fit.

Advantages of organic cultivation of food grains in today's world usage of chemical and pesticides increased beyond permeable limit in the agriculture sector. Hence people consume remnants of pesticides along with food and becoming sick. Hence our traditional Cultivation Methods must be practiced in cultivating food products.

Avoid tobacco program emphasised to motivate rural public who uses tobacco more in our country which leads to oral cancer, lung cancer, cardiovascular and respiratory diseases.

Road safety and traffic rules awareness program brings awareness in public to follow traffic rules strictly and avoid road accidents.

PROGRAM REPORT	
Title of the Event	POLICE COMMEMORATION DAY
Event start date	21.10.2022
Event end date	21.10.2022
Description	There is no particular theme for Police Commemoration Day. The day simply celebrates and honors the lives and efforts of the police personnel who put their lives at risk for the safety of the nation. Police Day also commemorates the martyrdom of the 10 CRPF policemen in Ladakh in 1959. The funeral of these policemen took place in eastern Ladakh. Since then, Police Commemoration Day is observed on October 21. The day plays a significant role in honouring the spirits of police people and their family members. It is celebrated to pay respect to all those who sacrificed their lives.

PROGRAM REPORT	
Title of the Event	AWARNESS PROGRAMME ON PLASTIC FREE ENVIRONMENT
Event start date	22.11.2022
Event end date	22.11.2022
Description	A global movement that encourages people to reduce their plastic waste by refusing single-use plastics. These volunteers approached different villages around Brahmadevam to spread awareness on how to stop the usage of plastic bags. Essentially, plastic-free living means that one has to avoid or minimize using plastic materials. In other words, the plastic materials we use daily can be substituted by other environmentally friendly materials or can be avoided completely.

PROGRAM REPORT	
Title of the Event	AWARNESS ON WASTE MANAGEMENT
Event start date	23.02.2023
Event end date	23.02.2023
Description	A waste management system or waste disposal is a streamlined process that organizations use to dispose of, reduce, reuse, and prevent waste. It is also an approach where companies implement comprehensive strategies to efficiently manage wastes from their origin until their final disposal. As citizens of a society we have a responsibility to manage our waste sustainably. We can do this following the five of waste management: reduce, reuse, recycle, recover and residual management.
